

The Olympic Torch Relay

Books that change lives

As a result of time and health constraints I have decided to place the Olympic resources that I create onto TES so that all teachers can enjoy and use them in their classrooms. I hope that they save you a lot of time and that you are able to have a “bit of a life of your own” by using them.

If you enjoy using these resources please have a look at what is available on my resource site –

www.burtbooks.com

I am constantly adding to the resources so keep looking. At the moment there are a number of Language across the curriculum themes that will save you hours of preparation.

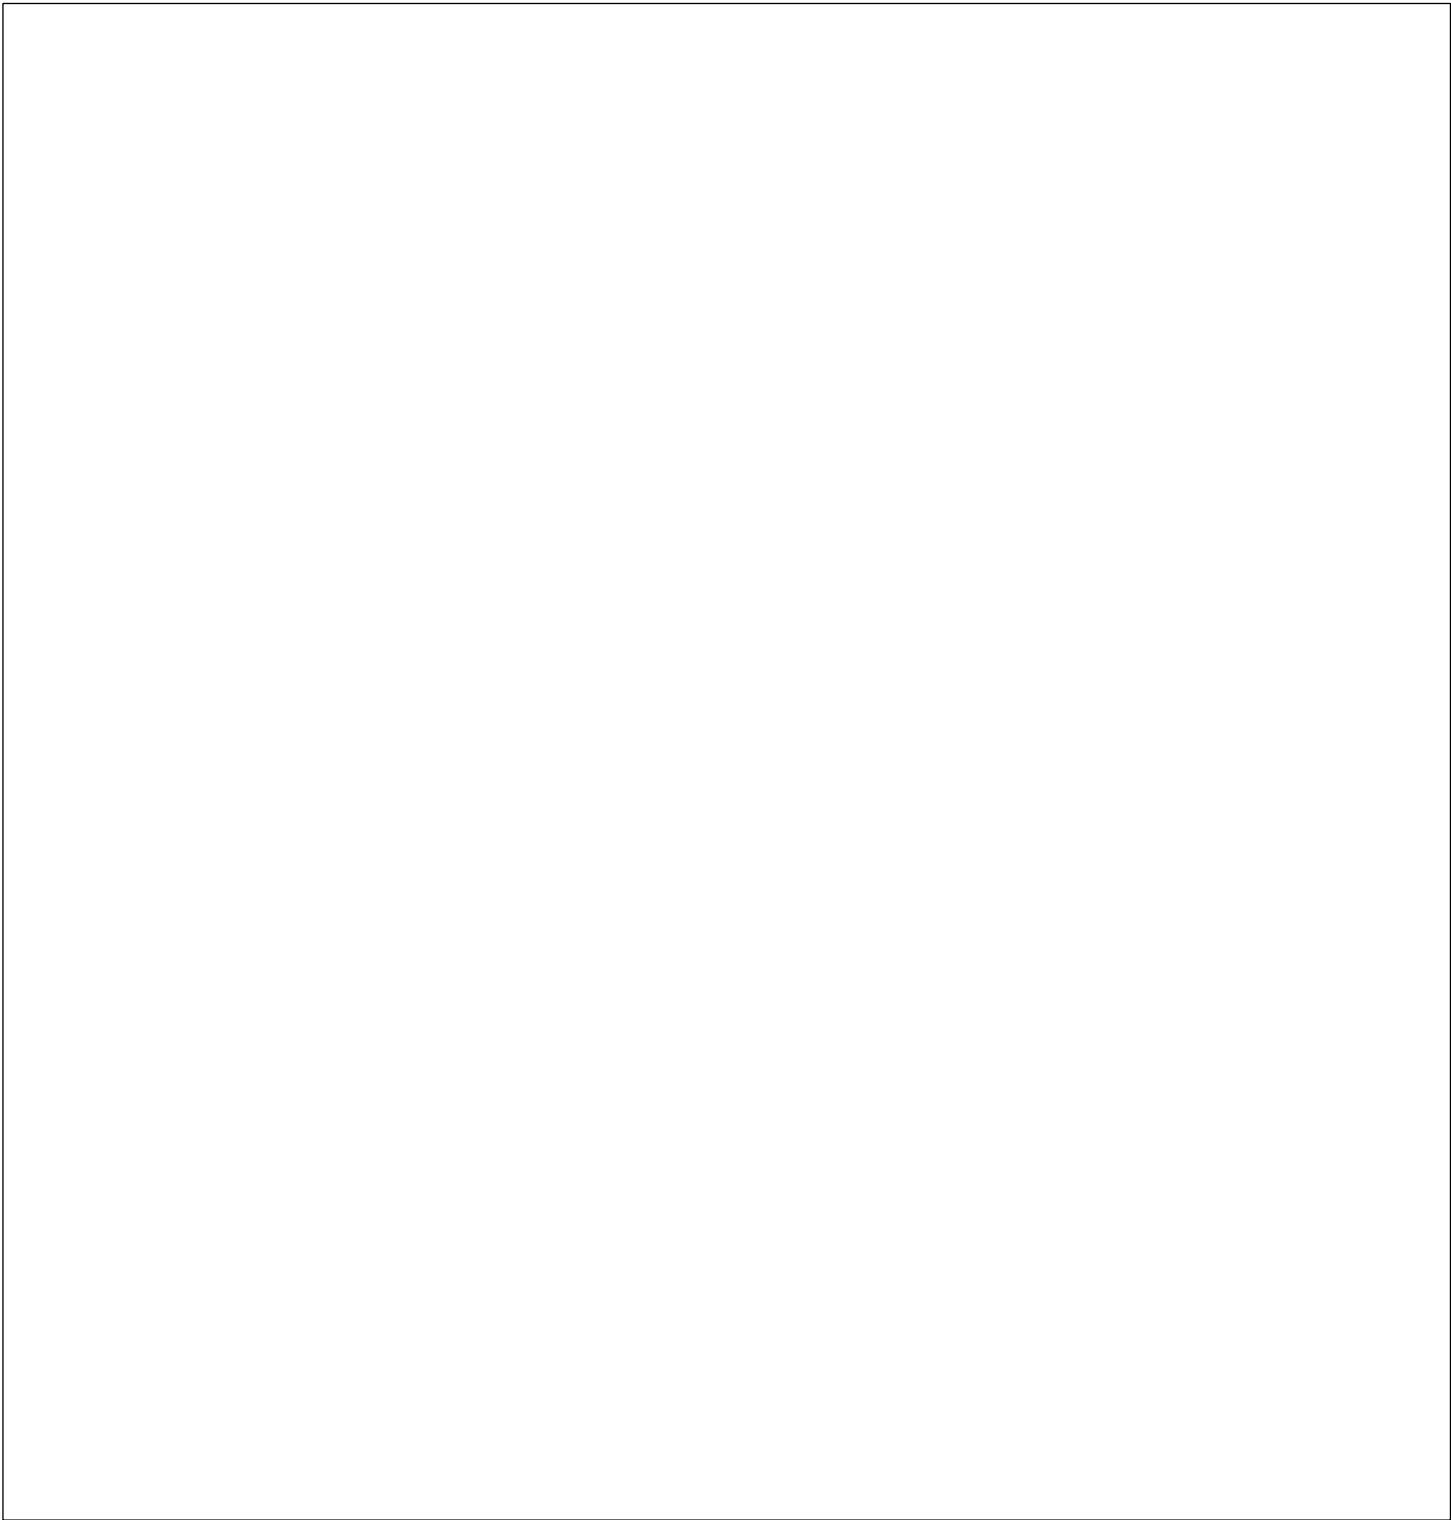

I hope the resources that I create give you a lot more free time. You deserve it!

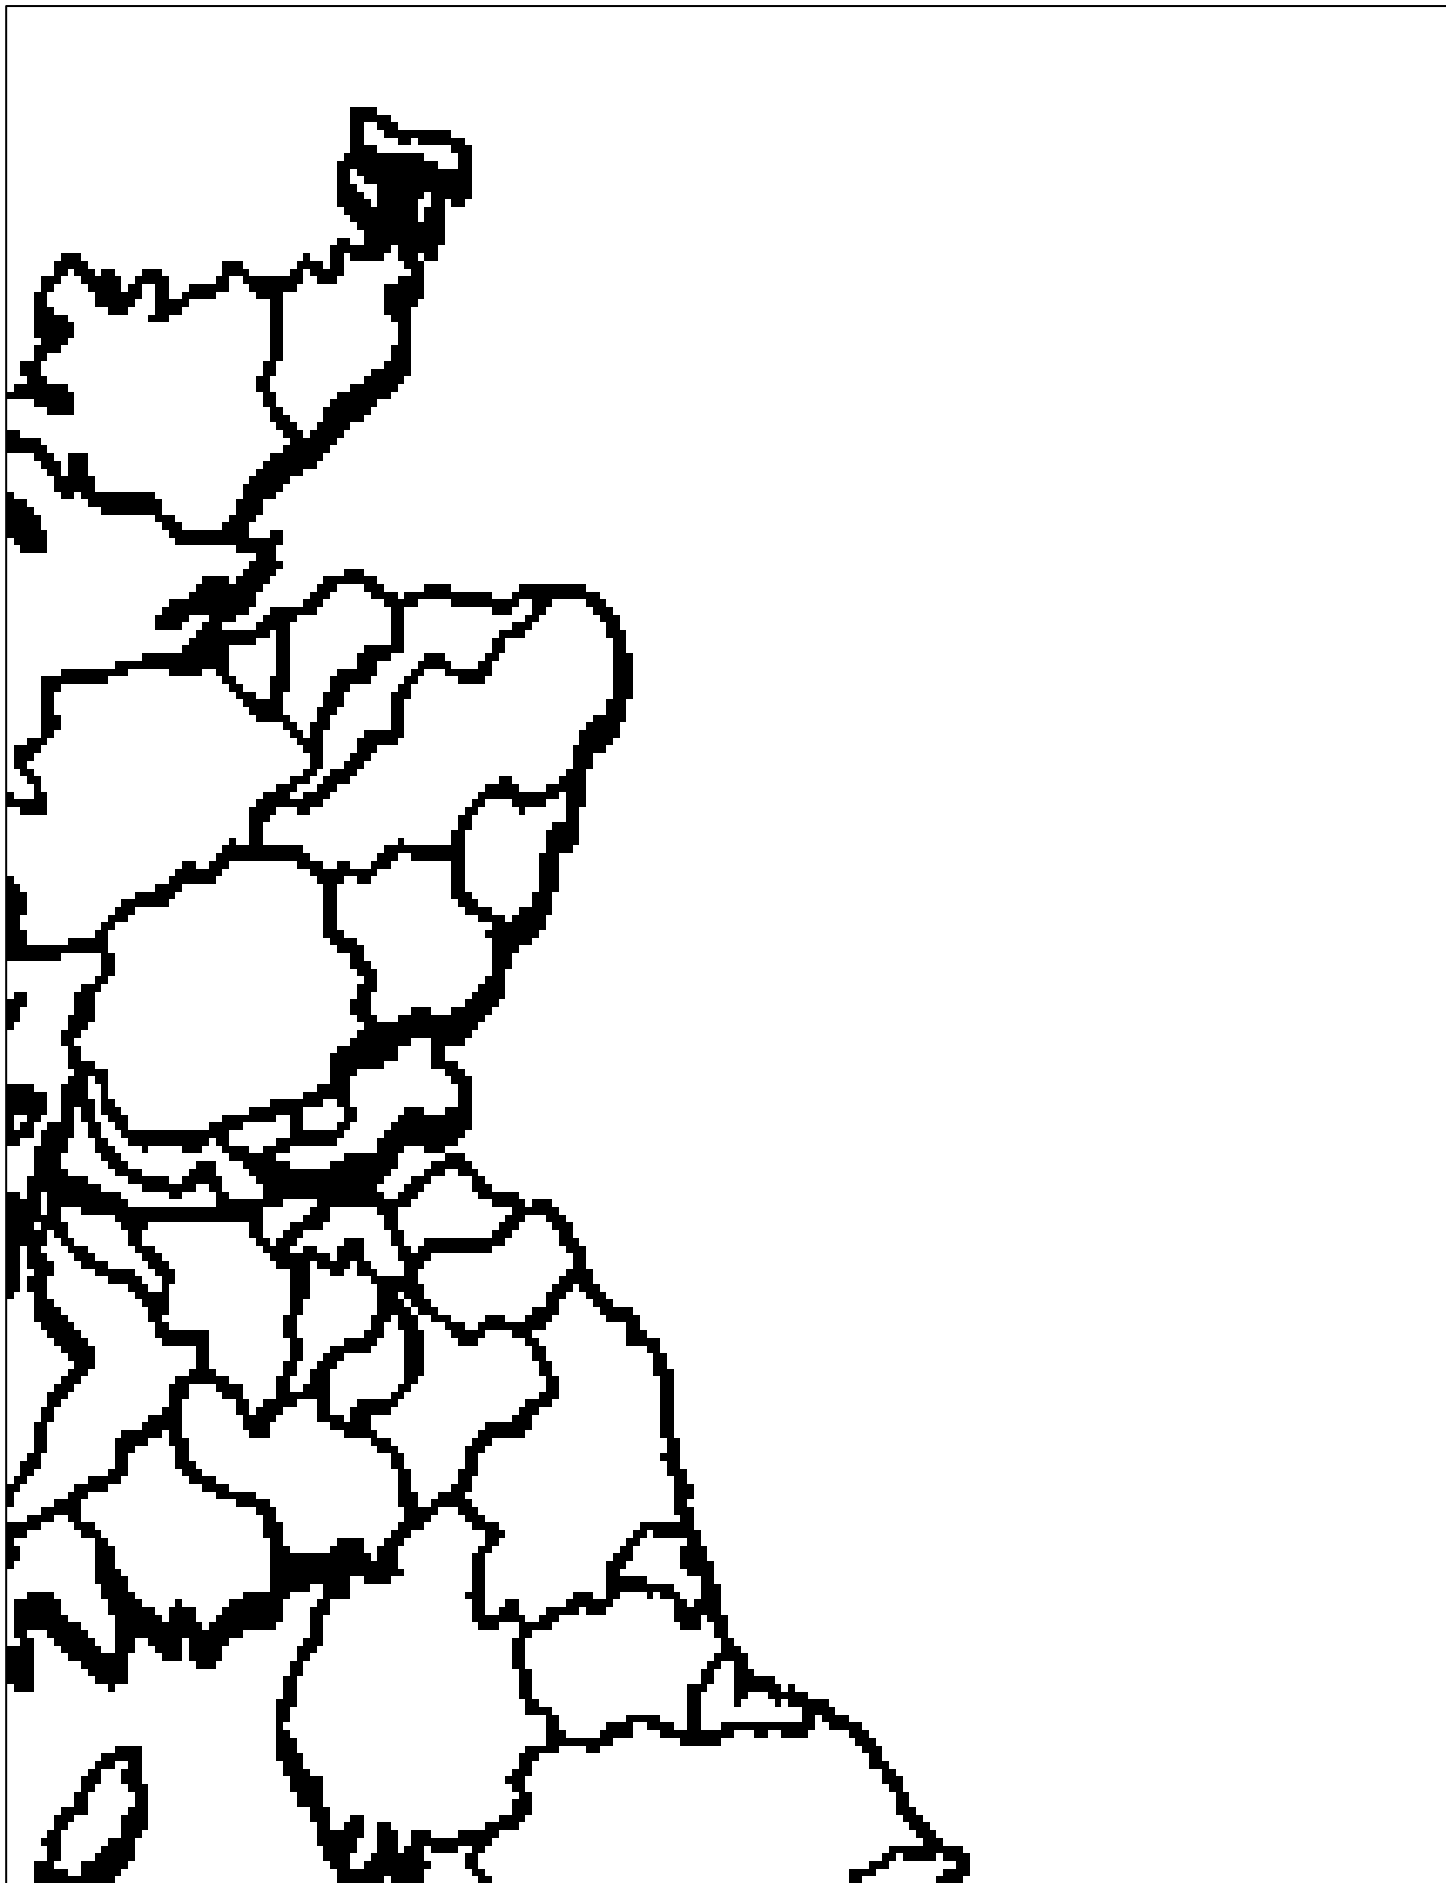

Kind regards

Coreen Burt

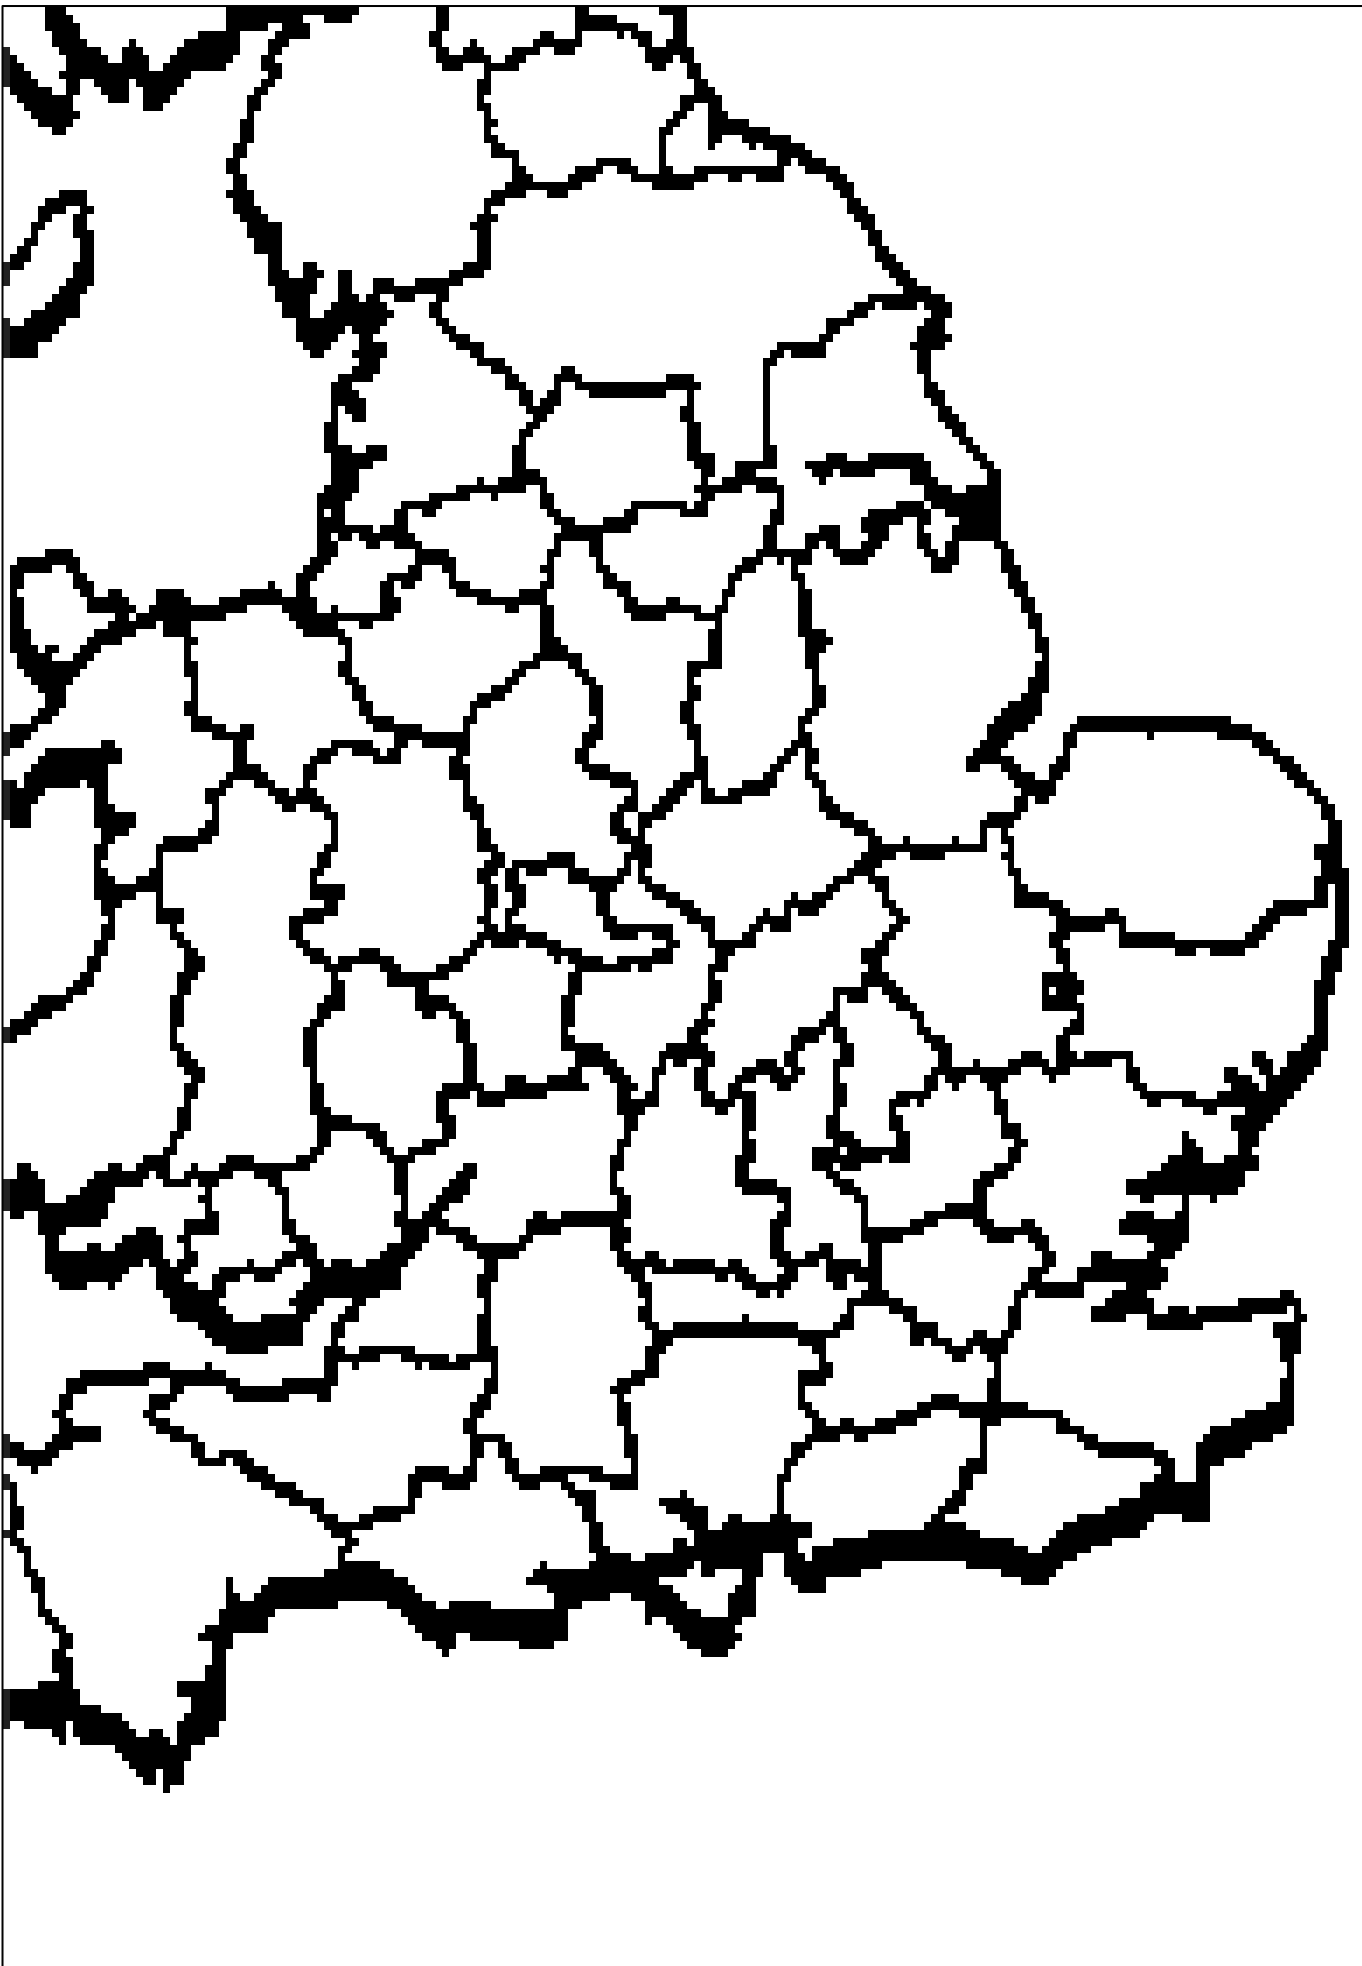

Burt Books

Learning Intentions	Success Criteria
The children will be able to use mapping tools to plot the course of a route in a real situation	I can use mapping skills to plot a route through London
The children will be able to match grid references with landmarks	I can use my maths skills to help me use grid references
The children will be able find landmarks on a map	I can find landmarks on a map of London

Why do we have an Olympic torch?

Spreading the light from Greece: the modern Games

A very precise ritual for the lighting of the Flame is followed at every Games. It is lit from the sun's rays at the Temple of Hera in Olympia, in a traditional ceremony among the ruins of the home of the ancient Games.

4. Who announced the Olympic games in Greece?
